

CALL FOR SUBMISSIONS

Clinical Studies, Innovation@EuroPCR, Clinical Cases, Late Breaking Trials

Themes & topics:

- Coronary disease:

- Basic science (pre-clinical & clinical)
- Pharmacotherapy
- Imaging
- Patients & disease subsets
- Procedural techniques
- Management of complications
- Miscellaneous

- Peripheral vascular disease:

- Basic science (pre-clinical & clinical)
- Pharmacotherapy
- Imaging
- Patients & disease subsets
- Procedural techniques
- Management of complications
- Miscellaneous

- Structural heart disease:

- Basic science (pre-clinical & clinical)
- Pharmacotherapy
- Imaging
- Patients & disease subsets
- Procedural techniques
- Management of complications
- Miscellaneous

Science@EuroPCR

Themes & topics:

- Endothelial dysfunction and biomarkers
- New coatings and polymers
- Platelet inhibition
